THE CHOICE OF A NEW GENERATION

Every year senior class members call themselves the choice of a new generation. All of us who succeed at being a part of this generation are special. We take pride in the way we look. We like jeans, whether they are brand new, faded, painted or torn. No one can live without a favorite pair of jeans. Sweaters and blouses with designs that blow your mind are other favorites. And girls just can't be seen without their make-up. Most important are their shoes — the red, orange, gold and silver ones that stand out in a crowd.

In music the choice is hard-rock — the kind that makes your hair stand straight on top of your head. With the hairstyles we wear today, it looks like that could have been what happened! Our parents never rocked to music — they bopped to it. Bopping looks easier than modern dancing.

Comparing all that we have in our generation, conditions have changed a great deal since the 50's and 60's — our parents' generation. The girls' wore poodle skirts, turtle neck sweaters, oxford shirts, penny loafters, and saddle oxfords. The guys wore leather jackets, which made them look cool and calm.

The hairstyles have changed too. Instead of flat tops, we have a free-style look. Our mothers' styles were more set. Their hair either was rolled under, curled all over or worn as a pony tail with a scarf wrapped around it. They used plenty of hair spray to hold hair down. Because they wore Bryl-Cream, the guys never worried about their hair blowing.

Looking back to the way things used to be, and seeing the way they are now, makes us all wonder how things will be in the years to come. We know that everyone in the class of '87 is special in his or her own way. The ones that came before us were special. Those yet to come, will be.

GRADE

As we review the Class of 1992, we conclude that this generation will have many *"Growing Pains." Mr. Williamson* will have a hard time teaching *math* if the kids only have *sports* on their mind. These *Superteens* hang out at *home* while pigging out on *pizza* and jamming with *Bon Jovi* and their latest hit *"You Give Love a Bad Name."* Their life styles will be centered around *Ralph Macchio* so they can become a *Karate Kid. The Days of Their Lives* will be spent crusin' town in a *blue Porsche* with *Y107* blaring on their radio — Lock it in and rip the knob off!

As we observe the Class of 1991, we see these *Karate Kids* in their favorite Karate instructor's class, *Mrs. Lamb.* She has a hard time keeping their attention when the radio is locked into *103.3 KOF* and blaring *Bon Jovi's, You Give Love a Bad Name.* Can't you see these kids cruisin' for some trouble. They like to pattern their lives by the most famous Karate Kid, *Ralph Macchio.* These kids lead *The Days of Their Lives* in a whirlwind preparation of college.

The Class of 1990 is having a hard time cause *They Be Illin'*. *Mr. Gregory, Air Force* instructor, commands this class to the position of *Top Gun*. As their little *blue Bug* launches toward Madison Streeet they decrease velocity for a sign that reads "*Slippery When Wet.*" These young pilots navigate their minds on *Kissin' Tom Cruise* (girls) and tonight's *basketball game* (boys). The shuttle finally lands at *Sears* so that the pilots can enjoy a jammin' session with *Bon Jovi.*

While studying *Biology*, the Class of 1989 discovered the course can be *Rocky, IV* it is hard. These Sophomore *Teens* turned blue in the face because *Mr. Gregory's* frogs that are raised *Where the Red Fern Grows* are *"Slippery When Wet."* As the *Christmas* holidays approached these Sophomores were looking forward to *Sylvester Stallone* and *ALF* guest starring on *Days of Our Lives* in order to show *Bon Jovi* how to really sing *"You Give Love a Bad Name."* On any weekend one might see the Sophomores crusin' town in a *Porsche* with a *103.3 KDF* bumper sticker that they had purchased at *Sears*.

The Class of 1988 will begin their *Chemistry* course at *Top Gun College* with Professor *Gregory* instructing these chemists on how to test for unknowns. He first calls his students attention to a sign on the wall that reads as follows: "Don't end up in *Pet Semetary* because even *Bon Jovi* knows that the equipment is "*Slippery When Wet!*" Then the Professor informs his class on some of the characteristics of this lab's unknowns. One will contain traces of *blue* and smell like a *pizza* that was fixed *Seventeen* years ago. Another unknown will smell like a familiar odor in the parking lot of *Auto Shack* on Saturday night. As the Professor dismisses his class, he encourages them to attend the weekend's *Football* game where *103.3 KDF* will broadcast live from the 50 yard line. The half-time entertainment will feature the stars of the *Cosby Show* singing "*You Give Love a Bad Name.*"

Viqueen Pride

Facing the toughest schedule in many years, this season began on a sad note as Melissa Webster was injured and had knee surgery. Nevertheless our girls have set their goals high and are working hard to achieve them. One goal was reached during the Thanksgiving Classic as our Viqueens defeated defending State Class A champs, Clifton. Great TEAMWORK was evident as it always has to be for real success!

The 1986-87 Viqueens continue last year's motto, "not bigger but better" and continue to prove it. Our girls are big in heart and work to develop a real *Viqueen Pride* that has grown during the last four years. We will continue to work toward being the best we can be as the season continues.

Now we say good-bye to a special group of seniors who have done much to promote *Viqueen Pride*. Marinda, Lenae, Marla, Robin, Tracey, Sheila & Melissa — you have given us countless memories and we will miss you. We wish for you the best of everything!

My personal wish for this team could be expressed in this prayer, "God, give us *strength* and *drive* and *desire* to raise our standards higher and higher so all of us may live as you want us to and achieve these things you have given us the talents and opportunities to accomplish!"

Love,
Coach Wortham

What a year! That is quite an understatement to describe this year's team. We could play with the best and could also lose to the worst. It has been a very hectic and frustrating year for the coach. Nobody expected this team to do nearly as well as they have done. Everyone picked us to be in the middle of the district with maybe a .500 season. We proved them all wrong. We beat Richland at Richland, Moore County twice in one season, Huntland twice in one season, and finished second in the district going into the tournaments.

They guys have worked hard this year. They have put in many hours of practice. They have dedicated themselves to become winners. They are striving to be the best and hopefully will succeed.

Tyrell, Lyle, Tommy, and Kevin will be missed. They have given of their time to become successful in basketball and now must give their time to someone else to become successful in life. I'm sure that they will always succeed and I wish them the very best.

I feel that next year's team has much to prove and with a lot of hard work and determination can do so. Teamwork will be a Key factor to next year's team. They should have the quickness, shooting ability, and desire that it takes to win. I challenge next year's team to be more successful than any other team at Community High School. Always remember "Anyone can be a loser. You must work hard to be a winner."

Coach Bill M. Williamson

Administration

Mr. Don Boyd
B.S., T.T.U., M.Ed., MTSU

As I reflect on another school year, I once again feel a sense of pride in the accomplishments of our students and our school. Our students have demonstrated their academic achievement with test scores above local and state averages. We have expanded our participation in the fine arts with active music, drama, and art programs. Our athletic teams have once again represented our school well. Our students have been active throughout the school year in leadership and service projects in organizations such as student council, National Honor Society, Junior Beta Club, 4-H, FCA and FCS, the annual staff, and others.

We are, therefore, justly proud of our school and its accomplishments. This continued success is the result of the cooperative efforts of our faculty, staff, students, parents, and community, and I appreciate the efforts of everyone involved.

A special commendation goes to the members of the Class of 1987 for reaching this milestone in their lives. We wish for them continued success as they leave Community School and embark on the next phases of their lives.

They need you

Children need you —

■ to ensure them a quality education, whether they attended a rural, suburban, or urban school;

■ to help meet their physical, mental, social, and spiritual needs — at home, in the school, and in the community;

■ to serve as their advocate to change conditions that threaten their development, such as TV violence, poor nutrition, inadequate health education, drug and alcohol abuse;

■ to promote legislation that protects their education, health, and welfare;

■ to guide them through the difficulties, problems, and joys of growing up in this era of rapid and dramatic change.

We need you

PTA needs you —

■ to join as a partner in improving the quality of life for all children and youth;

■ to promote good home-school relations;

■ to give parents and other citizens a more effective voice in educational decision-making;

■ to discuss budgetary concerns and participate in reviews of school finances;

■ to take part in curriculum studies and other projects that benefit students;

■ to share ideas and information in meetings, study-discussion groups, and workshops.
